

The blowing power is steplessly adjusted by the lever action and can be increased up to the maximum level. The blowing force can thus be individually controlled to cover a wide range of applications.

Max. operating pressure	10 bar
Working pressure	2 - 6 bar
Temperature range	-10 to 50 °C
Material	Nickel-plated die-cast aluminium
Nozzle	M12x1.25

Blow gun with standard nozzle, bore 1.5 mm
