

Round Cable Stripper No. 13

Round Cable Stripper No. 13

On the occasion of our anniversary year, we have re-launched one of our classic stripping tools to the market, now in a modern design.

- longer design: even better access for dismantling also in cavity wall sockets and hard to reach spaces
- slanted and space saving tool head perfectly adapts to the modern socket design
- new working range (from 6 mm Ø) also for smaller wire diameter e.g. 3 x 0,75 mm²
- now with length stop in housing
- new blade arrangement: no clogging of the blade by cable rests
- blades are electro-galvanized for even better corrosion protection and a longer service life
- for all common round cables
- adjustment of the cutting depth not necessary
- safe working with the ergonomic and anti-slip handle shape

KNIFE-STEEL
 Quality from Solingen

EXTENDED WORKING RANGE
 from 6 mm Ø

mm	g	mm ²	Ømm	Art.-No.
140	44	-	6 - 13	52000013

The specifications and recommendations given in this brochure must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experiences. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, our adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications. Working with this tool is only permitted on potential-free cables and conductors.
